

EFFECTIVE SOLUTIONS TO PREVENT ASSETS DISPERSION IN PIF CRIMES

ONLINE SEMINAR

14.2.2025

15.00 CET

The research team and the other participants will discuss the most suitable solutions to pursue the purpose of drafting new legal instruments, at the EU level, meant to prevent the dispersion of assets, with specific regard to PIF crimes, also resorting to AI tools. The results of the discussion will be elaborated by the research team in the next steps of the project.

Co-funded by
the European Union
